Instructions	<p>Before class, tell students to download the 7th grade Classroom activity “Find the Differences.” Tell ½ of the class to download the A picture. Tell the other ½ of the class to download the B picture. To start the activity, have students bring up their pictures on their phones. Create pairs by placing a student with “A” with a student with “B.” Tell them not to show their phones to each other. Tell them that they each have a picture of a classroom. There are six differences between the pictures. Using only English—and only asking and answering questions—they should find those six differences. You can end the activity by having the class tell</p>

	you the six differences they found and by reviewing any difficult language.
